# Pineview Commons

## *An Assisted Living Facility*

10/12/20

Regarding: Addendum to Visiting Policy

To Whom It May Concern:

I writer regarding my approved visiting/NY Safety Plan for Pineview Commons Assisted Living in Johnstown New York.

To allow for limited visiting as the colder weather approaches, I am asking for permission to modify my current visiting plan as described below.

All of my submitted policies and plans will remain in effect with the addition of adding an indoor modification. I am asking to use an enclosed foyer area off of one of our entrances to the facility. The area is enclosed with windows and glass doors that open to the outside so area is well ventilated. The doors on the other side of the foyer open up to a facility sitting room and those doors are solid wood and will remain closed during the visits.

We will allow for one resident to receive up to 2 visitors at a time to ensure that social distancing is adhered to. The area will be closed to other residents during the scheduled/supervised visiting times. Signs will be posted when visiting is in progress so other residents and staff will be alerted when a visit is in progress.

Please advise if this modification is acceptable or if you require additional information.

Thank you for your consideration in this matter.

Respectfully,

Kara Vollmer  
Administrator
