## *An Assisted Living Facility*

December 15, 2022

Dear Resident Family Members and/or Representative:

Regarding: COVID-19 – Positive Cases

Please accept this letter as a follow up to the letter mailed out on 12/12/22 regarding the COVID-19 cases confirmed at the facility.

As of this morning, 12/15/22, a total eight (8) additional resident cases of COVID-19 have been confirmed since the initial positive test on 12/12/22. Family members of the residents with the confirmed cases received a phone call and this letter is to serve as follow up to that phone call as well as notification to all of our resident's family members.

As stated in the 12/12/22 letter, family members were made aware that further testing would be completed for any resident exhibiting symptoms and that families would be notified of positive results in writing with follow up letters from 12/12/22 forward. Family members will continue to be called directly if your family member has symptoms or tests positive. As also stated in the 12/12/22 letter these notifications will continue to be posted on our website.

Communal dining and activities will remain suspended until further notice. We will continue to monitor residents closely with temperature and other vital checks at least once daily with increased intervals of monitoring for residents showing any symptoms and/or have a confirmed case of COVID-19. Staff will wear full Personal Protective Equipment as needed when in contact with residents for personal care. All high touch areas of facility will continue to be sanitized on a frequent basis with increased sanitizing where needed. Any staff member with symptoms will be furloughed from work.

Family members will be kept informed of results of further testing and next steps via follow up letters and updates that will continue to be posted on our website. [pineviewcommons.org](http://pineviewcommons.org). Please feel free to contact me to discuss further. As a reminder you are receiving this letter as the facility's primary contact. Please contact other family members/friends so they are aware.

Sincerely,

Kara Vollmer  
Administrator
